Dear Joe:

I just want to let you and all of the people of Sportexe know that our organization is very pleased with the new Momentum 41 turf that was installed in the Superdome.

We have played four (4) games on the turf and have received good reviews from our Players and Coaches.

In addition, we were very pleased with the performance of your company in getting the turf installed in a timely and efficient manner.

We are looking forward to playing on Momentum 41 for years to come. Thanks again.

Sincerely,

Mickey Loomis
Executive Vice President/General Manager
